

TRAUMA RECOVERY EXTENDER BENEFIT

DISCOVERY HEALTH MEDICAL SCHEME
2024

Overview

This document tells you about the Trauma Recovery Extender Benefit. Read further to understand how the benefit works, which healthcare services are covered and details about the criteria that apply to qualify for the benefit.

The Trauma Recovery Extender Benefit is available on all Discovery Health Medical Scheme plans.

About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms

TERMINOLOGY	DESCRIPTION
Allied, therapeutic and psychology healthcare professional	This is a registered medical professional other than a doctor, dentist or nurse who provides support services and/or rehabilitation services that are aimed at improving the physical, psychological, emotional, and social wellbeing of members.
Annual Threshold	Available on the Executive, Comprehensive and Priority plans We set the Annual Threshold amount at the beginning of each year. The number and type of dependants (spouse, adult or child) on your plan will determine the amount. The Annual Threshold is an amount that your claims need to add up to before we pay your day-to-day claims from the Above Threshold Benefit (ATB).
Above Threshold Benefit (ATB)	Available on the Executive, Comprehensive and Priority plans Once the claims you have sent to us add up to the Annual Threshold, we pay the rest of your claims from the Above Threshold Benefit (ATB), at the Discovery Health Rate (DHR) or a portion of it. The Executive Plans has an unlimited ATB, and the Comprehensive and Priority plans have a limited ATB.
Discovery Health Rate (DHR)	This is a rate set by us at which we pay for healthcare services from hospitals, pharmacies and healthcare professionals.
Medical Savings Account (MSA)	Available on the Executive, Comprehensive, Priority and Saver plans The Medical Savings Account (MSA) is an amount that is set aside for you at the beginning of each year or when you join the Scheme. You pay this amount back in equal portions as part of your monthly contribution. We pay your day-to-day medical expenses such as GP and specialist consultations, acute medicine, radiology and pathology from the available funds allocated to your MSA. You can choose to have your claims paid from the MSA either at the Discovery Health Rate, or at cost. Any unused funds will carry over to the next year. Should you leave the Scheme or change your plan during the year and have used more of the funds than what you have contributed, you will need to pay the difference to us.

The Trauma Recovery Extender Benefit

The Trauma Recovery Extender Benefit helps extend your day-to-day cover

The Trauma Recovery Extender Benefit extends your cover after certain traumatic events by giving you access to extended risk-based cover for day-to-day treatment after you are discharged from hospital. Depending on your health plan, the benefit includes cover up to a limit for:

- Allied, therapeutic and psychology healthcare services
- Prescribed medicine
- External medical items and hearing aids
- Prosthetic limbs

The benefit pays for the day-to-day healthcare expenses for the beneficiary for whom the benefit is registered, related to the traumatic event in the year it happened, and in the year after it happened, without using the funds in your Medical Savings

Account (MSA). The benefit includes cover for counselling sessions with a psychologist, clinical social worker or registered counsellor for all members on the health plan, affected by the traumatic event.

To qualify for cover, you must be a member of Discovery Health Medical Scheme when the traumatic event occurs.

The benefit will cover claims that are related to the original diagnosis following the traumatic event for the beneficiary and registered dependants.

Members must meet the clinical entry criteria to access cover on the Trauma Recovery Extender Benefit

The Trauma Recovery Extender Benefit extends cover for certain day-to-day medical costs for the beneficiary who meets the benefit entry criteria resulting from any of the following:

TRAUMA CONDITION	TO QUALIFY FOR THE BENEFIT (CLINICAL ENTRY CRITERIA)
<ul style="list-style-type: none"> • Crime-related injury • Conditions related to a near-drowning • Poisoning • Severe anaphylactic (allergic) reaction 	The condition must require a high acuity admission i.e., three days in High Care ward or three days in the Intensive Care Unit (ICU) or any combination thereof.
<ul style="list-style-type: none"> • Paraplegia (paralysis of the lower half of the body affecting both legs, for example due to blunt force injury to the spinal cord) • Quadriplegia (paralysis of both arms and legs, for example due to blunt force injury to the spinal cord) 	
Severe burns	
External and internal head injuries	
Loss of limb	Trauma-related loss of limb, for example due to direct blunt force trauma. The condition must require three days high acuity admission in a High Care ward or three days in the Intensive Care Unit (ICU) or any combination thereof.

Members who qualify have automatic access to the Trauma Recovery Extender Benefit

You will have automatic access to this benefit if the benefit entry criteria in the table above are met. The benefit will be activated after the beneficiary has been admitted for one of the specific traumas, and the event has been appropriately reviewed and the benefits approved.

You have unlimited cover for radiology and pathology services

Once registered for the benefit, you will have cover for radiology (including x-rays and scans) and pathology (blood and other tissue) tests if referred by your treating healthcare professional and related to the qualifying condition.

You and your dependants have access to counselling sessions

Once registered for the benefit, you and the dependants registered on your health plan will have cover for up to six counselling sessions per person per year, in the year in which the trauma occurred and the year thereafter. We will cover virtual, face-to-face and telephonic consultations at 100% of the Discovery Health Rate with a psychologist, clinical social worker or registered counsellor.

Certain healthcare services are not covered on the Trauma Recovery Extender Benefit

- The Trauma Recovery Extender Benefit does not cover the cost of dentistry, optometry, antenatal classes or over-the-counter (schedule 0, 1 and 2) medicine.
- The general scheme exclusions apply to the Trauma Recovery Extender Benefit.

How we pay accounts from the Trauma Recovery Extender Benefit

The Trauma Recovery Extender Benefit provides cover up to the Discovery Health Rate (DHR), unless stated otherwise. The co-payment for MRI or CT scans that usually applies will not apply to scans that form part of treatment covered from the Trauma Recovery Extender Benefit.

We will pay prescribed medicine (that is schedule 3 and above) on the Preferred Medicine List up to 100% of the Discovery Health Rate subject to the annual Prescribed Medicine limit. For medicine that is not on our Preferred Medicine List we will pay up to either 50% or 75% of the Discovery Health Rate (DHR), depending on the price of the medicine relative to the cost of the preferentially priced medicine.

Benefits available for your plan type

EXECUTIVE PLAN

Specialists and other healthcare professionals

We pay accounts for specialists up to 300% of the Discovery Health Rate (DHR). For GP and other healthcare professional claims, including pathology and radiology, we pay up to 100% of the Discovery Health Rate (DHR). If you use a healthcare professional who we have a payment arrangement with, the agreed rate will apply, and we will pay them directly.

How we pay allied, therapeutic and psychology healthcare professionals
