All existing and newly diagnosed chronic conditions
- Netcare Medical Scheme’s administrator has developed an application (“Electronic Health Record”) medical practitioners can use to access my information recorded in my Electronic Health Record (EHR).
- The purpose of Electronic Health Record is to support and enable quality clinical care to members and to help reduce the administrative burden on medical practitioners accessing my information.

- All authorised medical practitioners who treat me from time to time may only request and access my information through the EHR if they have my consent.
